

INDEX TO VOLUME VIII

A

- ABRAMS, N. R. (and others): Onset of rheumatoid arthritis, 313
 Acetyl-salicylic acid for rheumatism, 106
 Adrenal cortex:
 and arthritis (G. W. Thorn and others), 307
 dysfunction of, in gout (W. G. Wolfson and others), 311
 hormone of, for rheumatoid arthritis (P. S. Hench and others), 97
 and urate metabolism (W. D. Robinson and others), 312
 Agglutination test, sheep cell, in rheumatoid arthritis (R. Brown and others), 299
 Ageing processes, endocrines and (M. and R. Silberberg), 307
 Alimentary lubrication, in rheumatism, 111
 Amidopyrine for rheumatism, 107
 p-Aminobenzoic acid for rheumatism, 106
 Amyloid disease, rheumatoid arthritis and (B. Lush and others), 156
 Analgesics for rheumatism, 116
 Antigenic properties of hyaluronidase (Catharine E. Logan), 312
 Arm, pain in, 179
 Arthritis:
 of hip, resection angulation operation for (H. Milch), 308
 Morquio-Brailsford's disease simulating (P. Ellman), 267
 nature of (C. I. Reed and others), 313
 pituitary adrenal function and (G. W. Thorn and others), 307
 psoriasis and (J. M. Poal and others), 308
 Arthrography of the knee joint, opaque (A. E. Jowett), 149

B

- BARCELO, P. (and others): Chronic polyarthritis and psoriasis, 307
 BATALLA, E. (and others): Chronic polyarthritis and psoriasis, 307
 BATEMAN, J. R. (and R. E. Ghormley): Synovial membrane in osteo-arthritis, 306
 BATTERMAN, R. C. (and others): Therapeutic criteria and related aids in rheumatoid arthritis, 310
 BAUER, W. (and others): Protean nature of the connective tissue diseases, 309
 (and others): Histopathology of the neuromuscular system in rheumatoid arthritis, 304
 BAYLES, T. B. (and others): Possible relationship of pituitary-adrenal function to arthritis, 307
 BENSLEY, S. H. (and A. W. Ham): Histophysiology of the connective tissues, 303
 BIEN, E. J. (and others): Changes in skeletal muscle, 306
 Bismuth, for rheumatism, 113
 BLOCK, W. D. (and others): Role of anterior pituitary and adrenal cortex in urate metabolism and in gout, 312
 Blood:
 protein pattern in rheumatoid arthritis (H. Ney), 191
 transfusion, effect on rheumatoid arthritis (N. R. W. Simpson and others), 277
 BOLAND, E. W. (and N. E. Headley): Treatment of so-called palindromic rheumatism with gold compounds, 64
 Bone marrow studies, and gold toxicology (C. L. Steinberg), 314
 BONFILS, S. (and F. Coste): Synthetic oestrogens for ankylosing spondylitis, 305
 BOOK REVIEWS: Techniques in physiotherapy, 87; Osteo-arthritis of the hip joint, 87; Infra-red irradiation, 87; Annual Report, 1948, of the Department of Rheumatic Diseases, West London Hospital, 179; Report of Royal Free Hospital Unit of Rheumatology, 255; Ankylosing spondylitis, 329
 Bouchard's nodes, 73
 BROOKS, D. HALL (and others): Effect of blood transfusion on rheumatoid arthritis, 277
 BROWN, R. (and others): Differential sheep-cell agglutination test in rheumatoid arthritis, 299
 BUCHAN, J. F. (and others): Rheumatoid arthritis and amyloid disease, 156
 BUNIM, J. J. (and others): Differential sheep-cell agglutination test in rheumatoid arthritis, 299
 (and others): Changes in skeletal muscle, 306
 BYWATERS, E. G. L.: A variant of rheumatoid arthritis characterized by recurrent digital pad nodules and palmar fasciitis, closely resembling palindromic rheumatism, 1

C

- CAPENER, N.: Clinical significance and treatment of lesions of the intervertebral disk, 59
 Carditis, effect of salicylate therapy on, 122
 CARLSTRÖM, B. (and O. Lövgren): Treatment of rheumatoid arthritis with adenosinetriphosphoric acid (ATP), 293

- CATOGGIO, P. M. (and others): Histopathology of the neuromuscular system in rheumatoid arthritis, 304
 CECIL, R. L. (and others): Psoriasis and arthritis, 308
 Cervical sympathetic block in periarthrosis of the shoulder joint with secondary reflex dystrophy (K. Jespersen), 220
 COHEN, H.: Metabolism of hyaluronic acid in relation to rheumatic diseases, 31
 COHN, C. (and others): Adrenocortical dysfunction in gout, 311
 COKE, H.: Serum anti-tryptase in chronic rheumatic disease, 135
 Collagen diseases, pathological anatomy of (P. Klemperer), 308
 COLLINS, D. H.: Pathological distinction between osteo-arthritis and osteophytosis of the spine, 303
 Range of pathological reactions in human synovial tissue, 306
 Congenital anomalies of hands and fingers, 73
 CONN, J. W. (and others): Role of anterior pituitary and adrenal cortex in urate metabolism and in gout, 312
 Connective-tissue ground substance:
 and spondylitis, 144
 histophysiology of (S. H. Bensley and A. W. Ham), 303
 protean nature of diseases of (W. Bauer and others), 309
 Contractures, palmar and digital, 25
 CONWAY, H. (and others): Estimation of gold in biological fluids, 223
 Copper salts:
 for rheumatism, 114
 and gold salts in rheumatoid arthritis (J. Forestier), 132
 Correspondence: Pain in the arm, 179
 COSTE, F.: Chair of Rheumatology in Paris, 88
 (and S. Bonfils): Synthetic oestrogens for ankylosing spondylitis, 305
 Cutaneous nodules, of rheumatic fever and rheumatoid arthritis, 23

D

- Danish League against Rheumatism, 87
 DAVIDSON, L. S. P. (and others): Focal infection in rheumatoid arthritis, 205
 DAVISON, A. M.: Diagnosis of osteo-arthritis, 304
 DAVISON, R. A. (and P. Koetz): Effect of Δ -5-Pregnenolone on 17-ketosteroid excretion, 305
 Dehydrocorticosterone, for rheumatoid arthritis, 103
 DESMARAIS, M. H. L.: The neutral 17-ketosteroids in rheumatoid arthritis and spondylitis, 296
 DIENES, L.: Pleuropneumonia-like organisms and their possible relation to articular distase, 311
 Digital pad nodules, a variant of rheumatoid arthritis with (E. G. L. Bywaters), 1
 Drugs in the treatment of rheumatic disorders (N. Mutch), 105
 DUTHIE, J. J. R. (and others): Focal infection in rheumatoid arthritis, 205
 (and R. J. G. Sinclair): Salazopyrin in the treatment of rheumatoid arthritis, 226
 Dystrophy, secondary reflex in periarthrosis of shoulder (K. Jespersen), 220

E

- EGELIUS, N. (and others): Early symptoms of rheumatoid arthritis, 217
 ELLMAN, P.: Morquio-Brailsford's disease simulating the arthritic manifestations of rheumatoid disease, 267
 Empire Rheumatism Council, Twelfth Annual Report, 172
 Endocrines, effect on articular tissues (M. and R. Silberberg), 307
 Epsin, for rheumatism, 109

F

- Familial aspects:
 of gout (J. H. Talbott), 312
 of rheumatoid arthritis and ankylosing spondylitis (R. M. Stecher and others), 311
 of rheumatoid spondylitis (B. Rogoff and R. H. Freyberg), 139
 Fever therapy, 91
 Finger and hand symptoms (E. Jonsson), 72
 FLETCHER, E. (and others): Rheumatoid arthritis and amyloid disease, 156
 Focal infection in rheumatoid arthritis (L. S. P. Davidson and others), 205
 FORESTIER, J.: Comparative results of copper salts and gold salts in rheumatoid arthritis, 132
 FORSHAM, P. H. (and others): Possible relationship of pituitary-adrenal function in arthritis, 307
 FRASER, T. N. (and others): Estimation of gold in biological fluids, 223
 FREYBERG, R. H. (and Rogoff, B.): Familial incidence of rheumatoid spondylitis, 139

INDEX TO VOLUME VIII

A

- ABRAMS, N. R. (and others): Onset of rheumatoid arthritis, 313
 Acetyl-salicylic acid for rheumatism, 106
 Adrenal cortex:
 and arthritis (G. W. Thorn and others), 307
 dysfunction of, in gout (W. G. Wolfson and others), 311
 hormone of, for rheumatoid arthritis (P. S. Hench and others), 97
 and urate metabolism (W. D. Robinson and others), 312
 Agglutination test, sheep cell, in rheumatoid arthritis (R. Brown and others), 299
 Ageing processes, endocrines and (M. and R. Silberberg), 307
 Alimentary lubrication, in rheumatism, 111
 Amidopyrine for rheumatism, 107
 p-Aminobenzoic acid for rheumatism, 106
 Amyloid disease, rheumatoid arthritis and (B. Lush and others), 156
 Analgesics for rheumatism, 116
 Antigenic properties of hyaluronidase (Catharine E. Logan), 312
 Arm, pain in, 179
 Arthritis:
 of hip, resection angulation operation for (H. Milch), 308
 Morquio-Brailsford's disease simulating (P. Ellman), 267
 nature of (C. I. Reed and others), 313
 pituitary adrenal function and (G. W. Thorn and others), 307
 psoriasis and (J. M. Poal and others), 308
 Arthrography of the knee joint, opaque (A. E. Jowett), 149

B

- BARCELO, P. (and others): Chronic polyarthritis and psoriasis, 307
 BATALLA, E. (and others): Chronic polyarthritis and psoriasis, 307
 BATEMAN, J. R. (and R. E. Ghormley): Synovial membrane in osteo-arthritis, 306
 BATTERMAN, R. C. (and others): Therapeutic criteria and related aids in rheumatoid arthritis, 310
 BAUER, W. (and others): Protean nature of the connective tissue diseases, 309
 (and others): Histopathology of the neuromuscular system in rheumatoid arthritis, 304
 BAYLES, T. B. (and others): Possible relationship of pituitary-adrenal function to arthritis, 307
 BENSLEY, S. H. (and A. W. Ham): Histophysiology of the connective tissues, 303
 BIEN, E. J. (and others): Changes in skeletal muscle, 306
 Bismuth, for rheumatism, 113
 BLOCK, W. D. (and others): Role of anterior pituitary and adrenal cortex in urate metabolism and in gout, 312
 Blood:
 protein pattern in rheumatoid arthritis (H. Ney), 191
 transfusion, effect on rheumatoid arthritis (N. R. W. Simpson and others), 277
 BOLAND, E. W. (and N. E. Headley): Treatment of so-called palindromic rheumatism with gold compounds, 64
 Bone marrow studies, and gold toxicology (C. L. Steinberg), 314

 FRASER, T. N. (and others): Estimation of gold in biological fluids, 223
 FREYBERG, R. H. (and Rogoff, B.): Familial incidence of rheumatoid spondylitis, 139

G

- GARDNER, GRACE M. (and others): Thiouracil administration and thyroidectomy in experimental polyarthritis of rats, 125
- GHORMLEY, R. E. (and J. R. Bateman): The synovial membrane in osteo-arthritis, 306
- GIANSIRACUSA, J. E. (and others): Protean nature of the connective tissue diseases, 309
- GODLOWSKI, Z. Z.: Stimulation of the suprarenal glands in the treatment of rheumatoid arthritis, 285
- Gold:
- estimation of in biological fluids (T. N. Fraser and others), 223
 - palindromic rheumatism and (E. W. Boland and N. E. Headley), 64
 - for rheumatism, 112
 - in rheumatoid arthritis (J. N. Swanson), 232
 - in rheumatoid arthritis (J. Forestier), 132
 - toxicology of, and rheumatoid arthritis (C. S. Steinberg), 314
- GOOD, M. G.: Pain in the arm (correspondence), 179
- Gout:
- adrenocortical dysfunction in (W. O. Wolfson and others), 311
 - drug treatment of, 107
 - familial aspects of (J. H. Talbott), 312
 - relation of a variant of rheumatoid arthritis to, 28
 - role of anterior pituitary and adrenal cortex in (W. D. Robinson and others), 312
- GUTERMAN, H. S. (and others): Adrenocortical dysfunction in gout, 311

H

- HAM, A. W. (and S. H. Bensley): Histophysiology of the connective tissues, 303
- Hand:
- histopathology of intrinsic muscles of, in rheumatoid arthritis (O. C. Kestler), 42
 - rheumatological symptoms in (E. Jonsson), 72
- HÄVERMARK, N. G. (and others): Early symptoms of rheumatoid arthritis, 217
- HEADLEY, N. E. (and E. W. Boland): Treatment of so-called palindromic rheumatism with gold compounds, 64
- HEBERDEN SOCIETY:
- Annual meeting, 1948, 85
 - Various meetings, 177, 253, 326
- Heberden's nodes, 72
- Heinild's investigation into polyarthritis psoriatica, 70
- HENCH, P. S.: Potential reversibility of rheumatoid arthritis, 90
- (and others): Effect of a hormone of the adrenal cortex (17-hydroxy-11-dehydrocorticosterone: compound E) and of pituitary adrenocorticotrophic hormone on rheumatoid arthritis, 97
- Hepatitis and jaundice. remissions in arthritis during, 93, 94, 115
- Heredity in rheumatoid arthritis and ankylosing spondylitis (see familial incidence), 146, 311
- Hip:
- osteo-arthritis of (book review), 87
 - resection angulation for arthritis of (H. Milch), 308
- Histamine antagonists, and rheumatism, 114
- Hormones, female, for arthritis, 94
- HORWITZ, M.: Muscle lesions in rheumatoid arthritis, 258
- Subcutaneous nodules of rheumatoid arthritis with lipid deposition, 181
- HUMPHREY, J. H.: Hyaluronidase, 85
- HUNT, H. D. (and others): Adrenocortical dysfunction in gout, 311
- Hyaluronic acid, metabolism in relation to rheumatic diseases (H. Cohen), 31
- Hyaluronidase, 31
- (J. H. Humphrey), 85
 - (H. J. Rogers), 86
 - antigenic properties of (Catharine E. Logan), 312
- Hyperkeratoses, 73

I

- injections, intra-articular, 115
- International congress on rheumatic diseases, 74, 237, 302
- International League against Rheumatism, 180
- Intervertebral disk, clinical significance and treatment of lesions of (N. Capener), 59
- Intestinal antiseptics for rheumatism, 110
- Iritis, and spondylitis, 145
- Irradiation:
- can the defence mechanism of the body be influenced by roentgen? (H. Ney), 191
 - infra-red (book review), 87

J

- JESPersen, K.: Cervical sympathetic block in periarthrosis of the shoulder joint with secondary reflex dystrophy, 220
- JONSSON, E. (and others):
- Early symptoms of rheumatoid arthritis, 217
 - Rheumatological hand and finger symptoms, 72
- JOSEPH, N. R. (and others): Investigations on the synovialis, 313
- JOWETT, A. E.: Opaque arthrography of the knee joint, 149

K

- KAMMERER, W. H. (and others): Psoriasis and arthritis, 308
- KATZ, J. (and others): Role of anterior pituitary and adrenal cortex in urate metabolism and in gout, 312
- KELLOGG, J. H.: Peripheral genesis of pain, 304
- KENDALL, E. C. (and others): Effect of a hormone of the adrenal cortex and of pituitary adrenocorticotrophic hormone on rheumatoid arthritis, 97
- KERSLEY, G. D. (and others): Effect of blood transfusion on rheumatoid arthritis, 277
- KESTLER, O. C.: Histopathology of the intrinsic muscles of the hand in rheumatoid arthritis, 42
- 17-Ketosteroids:
- the neutral, in rheumatoid arthritis and spondylitis (M. H. L. Desmarais), 296
 - excretion, Δ -5-pregnenolone and (R. A. Davison and P. Koetz), 305
- KLEMPERER, P.: Pathological anatomy of collagen diseases, 308
- Knee, opaque arthrography of (A. E. Jowett), 149
- Knuckle pads, 73
- KOETZ, P. (and R. A. Davison): Effect of Δ -5-pregnenolone on urinary 17-ketosteroid excretion, 305
- KULKA, J. P. (and others): Protean nature of the connective tissue diseases, 309
- KUZELL, W. C. (and others): Thiouracil administration and thyroidectomy in experimental polyarthritis of rats, 125

L

- LAWRENCE, J. S.: Plasma viscosity, 209
- LEVINE, R. (and others): Adrenocortical dysfunction in gout, 311
- Liniments for rheumatism, 115
- Lipoid deposition, subcutaneous nodules with (M. Horwitz), 181
- Lipoidosis and rheumatoid arthritis, 26
- LOGAN, CATHARINE E.: Antigenic properties of hyaluronidase, 312
- LOUIS, L. W. (and others): Role of anterior pituitary and adrenal cortex in urate metabolism and in gout, 312

Z

- ZIFF, M. (and others): Changes in skeletal muscle, 306

INDEX TO ABSTRACTS

A

- Acid azo compounds, for polyarthritis, 75
Adolescent osteochondritis of the spine, 165
Allergy, pathogenesis of rheumatic, 322
Aluminium subacetate for rheumatoid arthritis, 79
Amyloidosis in rheumatoid arthritis, 162
Antireticular cytotoxic serum, failure of, 248
Antistreptolysin reaction, value of 247, 322
Arthritis:
 fever therapy for, 78
 penicillin for, 78
 procaine for, 319
 sacro-iliac, 162
Arthritis deformans of hip joint, 318
Arthrodesis, of various joints, 164
Arthrosis deformans, costo-transverse, 163
Ascorbic acid, etc., in arthritis and toxemia of pregnancy, 169

B

- BAL, and gold toxicity, 77, 317
Benadryl, for rheumatic fever, 76
Blood transfusion for rheumatoid arthritis, 318
Bone formation, oestrogens and, 247
Brain changes in experimental rheumatism, 323
Bronchial carcinoma, presenting as polyneuritis, 170
Brucellosis as cause of sacro-iliac arthritis, 162
Bursitis, boxers', 245

C

- Chemotherapy, in rheumatic polyarthritis, 78
Children:
 disk degeneration in, 320
 rheumatic fever in, 239
 rheumatic infection in, 160, 161
 rheumatic pneumonitis in, 315
 rheumatoid arthritis in, 76
 salicylates for acute rheumatism in, 161, 315
Chondrodysplasia, vertebral and epiphyseal, 164
Chorea:
 82
 method for recording course of, 316
 phenylethylhydantoin for, 239
 psychological and social aspects, 315
Collagen disease, pathogenesis of, 323
Collodion reaction in rheumatism, 169
Copper therapy:
 in inflammatory rheumatism, 78
 for polyarthritis, 162, 318
Coxa vara:
 infantum, 80
 treatment of, 245

D

- Dicoumarol, 240

E

- Elbow joint:
 denervation of, 242
 innervation of, 243
Embolism, periodic arterial, 240
Erythrocyte sedimentation rate, methods of estimating, 169

F

- Felty's syndrome, splenectomy for, 241
Femoral epiphysis, slipping of, 163
Fever therapy for arthritis, 78
Fibrositis, 166
Focal sepsis, rheumatism due to, 317

G

- Genetics of gout, 321
Glossopharyngeal neuralgia, 84
Glucuronic acid deficiency in rheumatic diseases, 167
Gold:
 antagonism for histamine toxicity, 77
 for chronic joint disease, 317
 distribution in animal body in relation to arthritis, 167
 for palindromic rheumatism, 165
 for rheumatoid arthritis, etc., 76, 77
 thrombocytopenic purpura complicating therapy, 242
 toxic reactions, 241
Gout, genetics of, 321

H

- Haemolytic streptococci:
 agglutinins against, 238
 agglutination of in rheumatoid arthritis, 322
 pathological studies on, 168
Haemophilia, bone and joint changes in, 168
Hand:
 fibrosis of dorsum of, 82
 ischaemic contracture in, 166
Headache, symptoms in disk lesions, 247
Heart:
 bacterial endocarditis and rheumatic, 75
 intracranial vascular lesions of rheumatic, 316
 lesions in acute rheumatism, 160
 pregnancy and, 75
 in rheumatoid arthritis, 162
 salicylates and, 161
Heberden's nodes, 79
Herniated nucleus pulposus syndrome, pain pathways in, 81
Herniation of fascial fat, 321
Hip:
 arthritis of, 318
 dislocation of, after infantile suppurative arthritis, 165
 osteo-arthritis of, 163
Humoral changes in rheumatic and joint conditions, 167
Hyaluronic acid in rheumatoid arthritis, 322
Hydrarthrosis, intermittent, 244
Hypercalcaemia, vitamin D and, 79
Hyperuricaemia, gout and, 321

I

- Injury, joint, rheumatoid arthritis after, 162
Interspinous neo-arthritis, lumbar pain due to, 319
Intervertebral disk, lesions of, 82, 166, 246, 247, 320
Ischaemia, effect on painful joints, 84

J

- Joint capsule, autotransplantation of, 79
Joints, gold for disease of, 317

K

- 17-Ketosteroid excretion, effect of radiotherapy on, 318
Knee joint:
 anatomy of, 244
 internal derangement, 244
 stiffness in flexion, 76
 synovectomy, 244

L

- Lasègue's sign, mechanism and origin, 82
Leukaemia, arthralgic, 242
Longevity, in rheumatic fever, 316
Lumbar fusion in disk degeneration, 166, 320

M

- Mester's reaction, in diagnosis of rheumatism, 169
 Milkman's syndrome, 167
 Morton's metatarsalgia, 84
 Muscle:
 diopsy of, in rheumatoid arthritis, 321
 rupture of, in rheumatoid arthritis, 318
 spasm, low backache and, 323
 Myanesis, clinical studies, 83

N

- Neuralgia, glossopharyngeal, 84
 Neuralgic pain, narrowing of intervertebral foramina as cause of, 243
 Neurectomy, intrapelvic obturator, for chronic arthritis of hip, 318
 Nodules in acute rheumatism, 76

O

- Oestrogens, and bone formation, 247
 Osgood-Schlatter's disease, 81
 Osteo-arthropathy:
 hypertrophic, 245
 idiopathic hypertrophic, 163
 Osteochondritis dissecans, 80
 Osteomalacia, vertebral, 245
 Oxygen therapy in rheumatic carditis in children, 239, 240

P

- Pain:
 in deep somatic structures, 84
 effect of ischaemia on, 84
 lumbar, 81
 referred, 323
 vertebral, of static origin, 319
 Palindromic rheumatism, gold for, 165
 p-Aminobenzoic acid:
 in rheumatic fever, 162
 salicylate excretion and, 321
 Penicillin:
 for arthritis, 78
 bacterial flora of throat and, 170
 for chorea, 82
 orally administered, in rheumatic fever, 316
 Perthes's disease, 80
 Phenylethylhydantoin, 239
 Pleuropneumonia-like organisms:
 164
 experimental polyarthritis from, 77
 Pneumonitis, rheumatic, in childhood, 315
 Polyarthritis:
 acid azo compounds for, 75
 chemotherapy of, 78
 copper salts for, 318
 experimental, 77
 gold therapy, 77
 iron and copper content in, 162
 stiffness of knee in, 76
 and streptococcal agglutination, 79
 Polyneuritis:
 bronchial carcinoma presenting as, 170
 tricalciumphosphate, 82
 Pregnancy, acute rheumatism in, 75
 Procaine:
 for arthritis, 319
 destructive arthritis of hip managed by, 164
 Psychology of chorea, 315

R

- Radiography in protrusion of intervertebral disk, 321
 Radiotherapy, effect on 17-ketosteroid excretion, 318
 Reiter's disease, 81, 164, 165, 247, 319
 Rheumatic carditis and subacute bacterial endocarditis, 75
 Rheumatic fever:
 benadryl for, 76
 electrocardiographic changes in, 240, 241
 epidemiologic study, 75
 familial incidence, 75
 immunologic and biochemical studies, 239
 juvenile, 239, 315
 longevity in, 316
 penicillin for, 316
 in Virginia, 316

Rheumatism, acute:

- in children, salicylates for, 161
 nodules in, 76
 in pregnancy, 75

Rheumatism, chronic:

- copper therapy for, 78
 inflammatory, 317

Rheumatoid arthritis:

- agglutination of sheep erythrocytes in, 169
 aluminium subacetate and, 79
 amyloidosis, 162
 autotransplantation of joint capsule for, 79
 blood transfusion for, 318
 findings in, 317
 gold therapy for, 76, 77
 haemolytic streptococcus agglutination in, 322
 hyaluronic acid in, 322
 injury and, 162
 juvenile, 76, 316
 muscle biopsy in, 321
 spontaneous rupture of muscle in, 318
 vascular approach to treatment, 78
 visceral lesions in, 322
 vitamin D for, 79, 323
 "Rheumatoid disease", 316

S

Salicylates:

- 161, 168, 169, 238
 for acute rheumatism in children, 161, 315
 para-aminobenzoic acid and, 321
 pharmacological features, 248
 toxic manifestations, 83

Sciatica:

- 245, 246
 cause and mechanism of symptom-production in, 81
 hypertrophic and atrophic, 166

Sella turcica in chronic rheumatism, 165

Sex hormones for rheumatic conditions, 83

Shoulder:

- innervation of joint, 243
 pain in, 82

Shoulder-hand syndrome:

- 166
 in reflex dystrophy, 247

Sodium gentisate, antirheumatic effect of, 248

Spondylitis, ankylosing:

- 80, 164
 analysis of 200 cases, 319
 bony ankylosis in, 242
 17-ketosteroids in, 318
 sacro-iliac arthritis and, 241

Squeezogram, the, 316

Still's disease, 163

Streptococcal agglutination and polyarthritis, 79, 322

Streptococcus-enterococcus vaccine, 238

Subacute bacterial endocarditis, and rheumatic carditis, 75

Succinate therapy in acute rheumatic fever, 162

Suprascapular nerve block, 321

Sympathectomy, in sciatica, 246

Synovectomy, 244

T

Tenosynovitis of extensor carpi ulnaris, 244

Thymol turbidity test, 169

Tricalciumphosphate polyneuritis, 82

Tuberculous spondylitis, 80

V

Ventricular escape in acute rheumatism, 240

Vertebral osteotomy, 164

Visceral lesions in rheumatoid arthritis, 322

Vitamin D:

- and hypercalcaemia, 79, 323
 for rheumatoid arthritis, 79

W

War, rheumatic fever in children in, 161

Weltmann reaction, studies on, 169

X

Xiphoid rheumatism, 79
